

BEDFORD CA

BOUTIQUE ACCOUNTING FIRM

Bedford CA

Bedford CA is a boutique accounting firm of highly skilled business professionals specialising in taxation, business advisory and superannuation.

Due to recent company growth and expansion, Bedford CA were relocating into a new office space. Along with construction partner Sheldon, Pro AV Solutions were awarded the contract to deliver design and construct services for the new office fitout. The key objective for the project was to ensure there was a consistent user experience throughout all spaces. With existing Skype for Business service via Office 365,

Microsoft integrated platforms were essential to the design of the new workplace technology. integrated platforms were essential to the design of the new workplace technology. During a strategic analysis of the business and their objectives, it was

All of the new AV spaces at Bedford CA were designed to encourage a team-based collaborative culture by enabling Skype for Business calls, whiteboarding and touch screen integration in every space.

discovered that a wired network connection was also crucial. Comprising of eight new AV spaces, the new office fit-out included two Small Meeting Rooms.

BOUTIQUE ACCOUNTING FIRM

Due to the heavy reliance on the Microsoft environment at Bedford CA, Surface Hubs were deployed throughout the Small Meeting Rooms to promote a team-based collaborative culture through Skype for Business calls, whiteboarding and touch screen integration. One of the most beneficial aspects to the success of the project was the early engagement of Pro AV Solutions. Business Solutions Manager, George Cole commented on the delivery, stating, "overall everything worked really well with this project because we were there from the very beginning."

The AV was not an afterthought, it wasn't just tacked on – making the AV seamlessly integrate into the environment, disappearing into the architecture and becoming part of the office. This created an aesthetically pleasing space."

All expectations and milestones were achieved through-out the project delivery, resulting in a successful outcome and a very satisfied client. Pro AV Solutions look forward to providing further support and maintenance to Bedford CA in the future.
