

PERNOD RICARD SYDNEY OFFICE, BARANGAROO

Pro AV Solutions recently carried out a major audio visual fit out at the Pernod Ricard Australian headquarters located in Barangaroo, Sydney.

Referred by Dimension Data, Pro AV Solution (NSW) both designed and installed the new audio visual system over an 8 week period and for a variety of room types including a range of video conferencing spaces and boardrooms.

The system features audio visual combinable training rooms, an open bar area with town hall and video webcast capabilities, small huddles spaces with zero touch start up, video conferencing spaces and a formal boardroom with full control.

Across all rooms there is wired and wireless

Across all rooms there are wired and wireless connectivity for personal devices and room booking system are available for easy organisation.
